## PROPER DISPOSAL INSTRUCTIONS

This mark shown on the product or its packaging, indicates that this product should not be disposed of with other household waste at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources.

## WASTE ELECTRICAL & ELECTRONIC EQUIPMENT

Household user should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling. Business users should contact their suppliers and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

## WIRELESS FREQUENCY RANGE AND WIRELESS OUTPUT POWER:

Frequency: 2.402GHz-2.48GHz, 5.8GHz  
Soundbar BT Max.transmit power: 13.03dBm  
Soundbar wireless Max.transmit power: 11.62dBm  
Surround wireless Max.transmit power: 11.43dBm

## FCC REGULATORY COMPLIANCE

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and the receiver.

- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio / TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

## ISED WARNINGS

The subwoofer and two surround speakers connect wirelessly but function solely as signal receivers without relaying or forwarding data.

The remote control uses infrared (IR) technology for device operation and does not support other wireless transmission or reception.

An IR transmitter on the rear of the Soundbar is used exclusively to relay remote control signals and does not support any other wireless communication.

**⚠ WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

## Safety Instructions

- (1) Please read and keep these instructions. Follow all warnings and instructions.
- (2) Do not use the device near water, in damp environments, or in the rain. Avoid liquid spills and do not place objects containing liquids (such as vases) on the device.
- (3) Clean only with a dry cloth. Do not use liquid cleaners.
- (4) Do not block ventilation openings or install the device in a confined space. Ensure proper ventilation according to the manufacturer's instructions.
- (5) Do not install the device near heat sources such as radiators, stoves, or amplifiers, and do not cover the ventilation openings with items like newspapers or curtains.
- (6) Use only attachments, stands, or accessories specified by the manufacturer. Be cautious when moving the device on wheels to prevent tipping.
- (7) Protect the power cord from being walked on, pinched, or bent, especially at plugs, convenience receptacles, and the point where they exit from the device.
- (8) Do not modify the polarized or grounding-type plug. If the plug does not fit into your outlet, consult an electrician to replace the outlet.
- (9) Unplug the device during lightning storms or when unused for long periods. To completely disconnect the device, unplug it from the power outlet and ensure the plug is easily accessible.
- (10) Do not place any open flame sources, such as lit candles, on the device.
- (11) Do not attempt to open the device. There is a risk of dangerous high voltage. No user-serviceable parts inside. All servicing must be carried out by qualified personnel.
- (12) The installation height of the device must not exceed 2 meters.

The soundbar and subwoofer are pre-paired at the factory. If the connection is lost, press and hold the "Xupmix" button on the remote and the "ON/Standby" button on the subwoofer simultaneously for about 5 seconds. Once paired, the subwoofer's indicator light will remain solid.

DE

Die Soundbar und der Subwoofer sind in der Regel vorab gekoppelt. Wenn die Verbindung verloren geht, halten Sie die Taste "Xupmix" auf der Fernbedienung und die Taste "ON/Standby" am Subwoofer etwa 5 Sekunden lang gedrückt, um die Kopplung erneut durchzuführen. Nach erfolgreicher Kopplung leuchtet die Anzeige am Subwoofer dauerhaft.

JP

サウンドバーとサブウーファーは通常、あらかじめペアリングされています。接続が切れた場合は、リモコンの "Xupmix" ボタンとサブウーファーの "ON/Standby" ボタンを約5秒間長押しして再ペアリングしてください。ペアリングが完了すると、サブウーファーのインジケータランプが点灯したままになります。
